Corporate Giving Guidelines

Hagerty's Impact

Hagerty believes in the power of human connection. The drive to connect is at the heart of humanity – we are at our best when we are in service to one another. By nature, cars were designed to bring us closer together. They are the ultimate vehicles for connection – to ourselves, to each other and to our communities. Hagerty's impact strategy honors the role cars have played in bringing us together by keeping automotive culture alive for future generations and further fosters human connection and service through community development.

Corporate Giving Areas of Engagement

Hagerty's greatest asset is our People. We empower our teams to make an impact in our communities by offering 16-hours of paid time for employees to volunteer for causes and organizations they care about most each year. Our employees give skills & time to spread compassion, knowledge and joy throughout the community.

In addition, our Corporate Giving is provided selectively to organizations that focus on the following areas of engagement:
